Garden of the Names of Allah AL WAHID

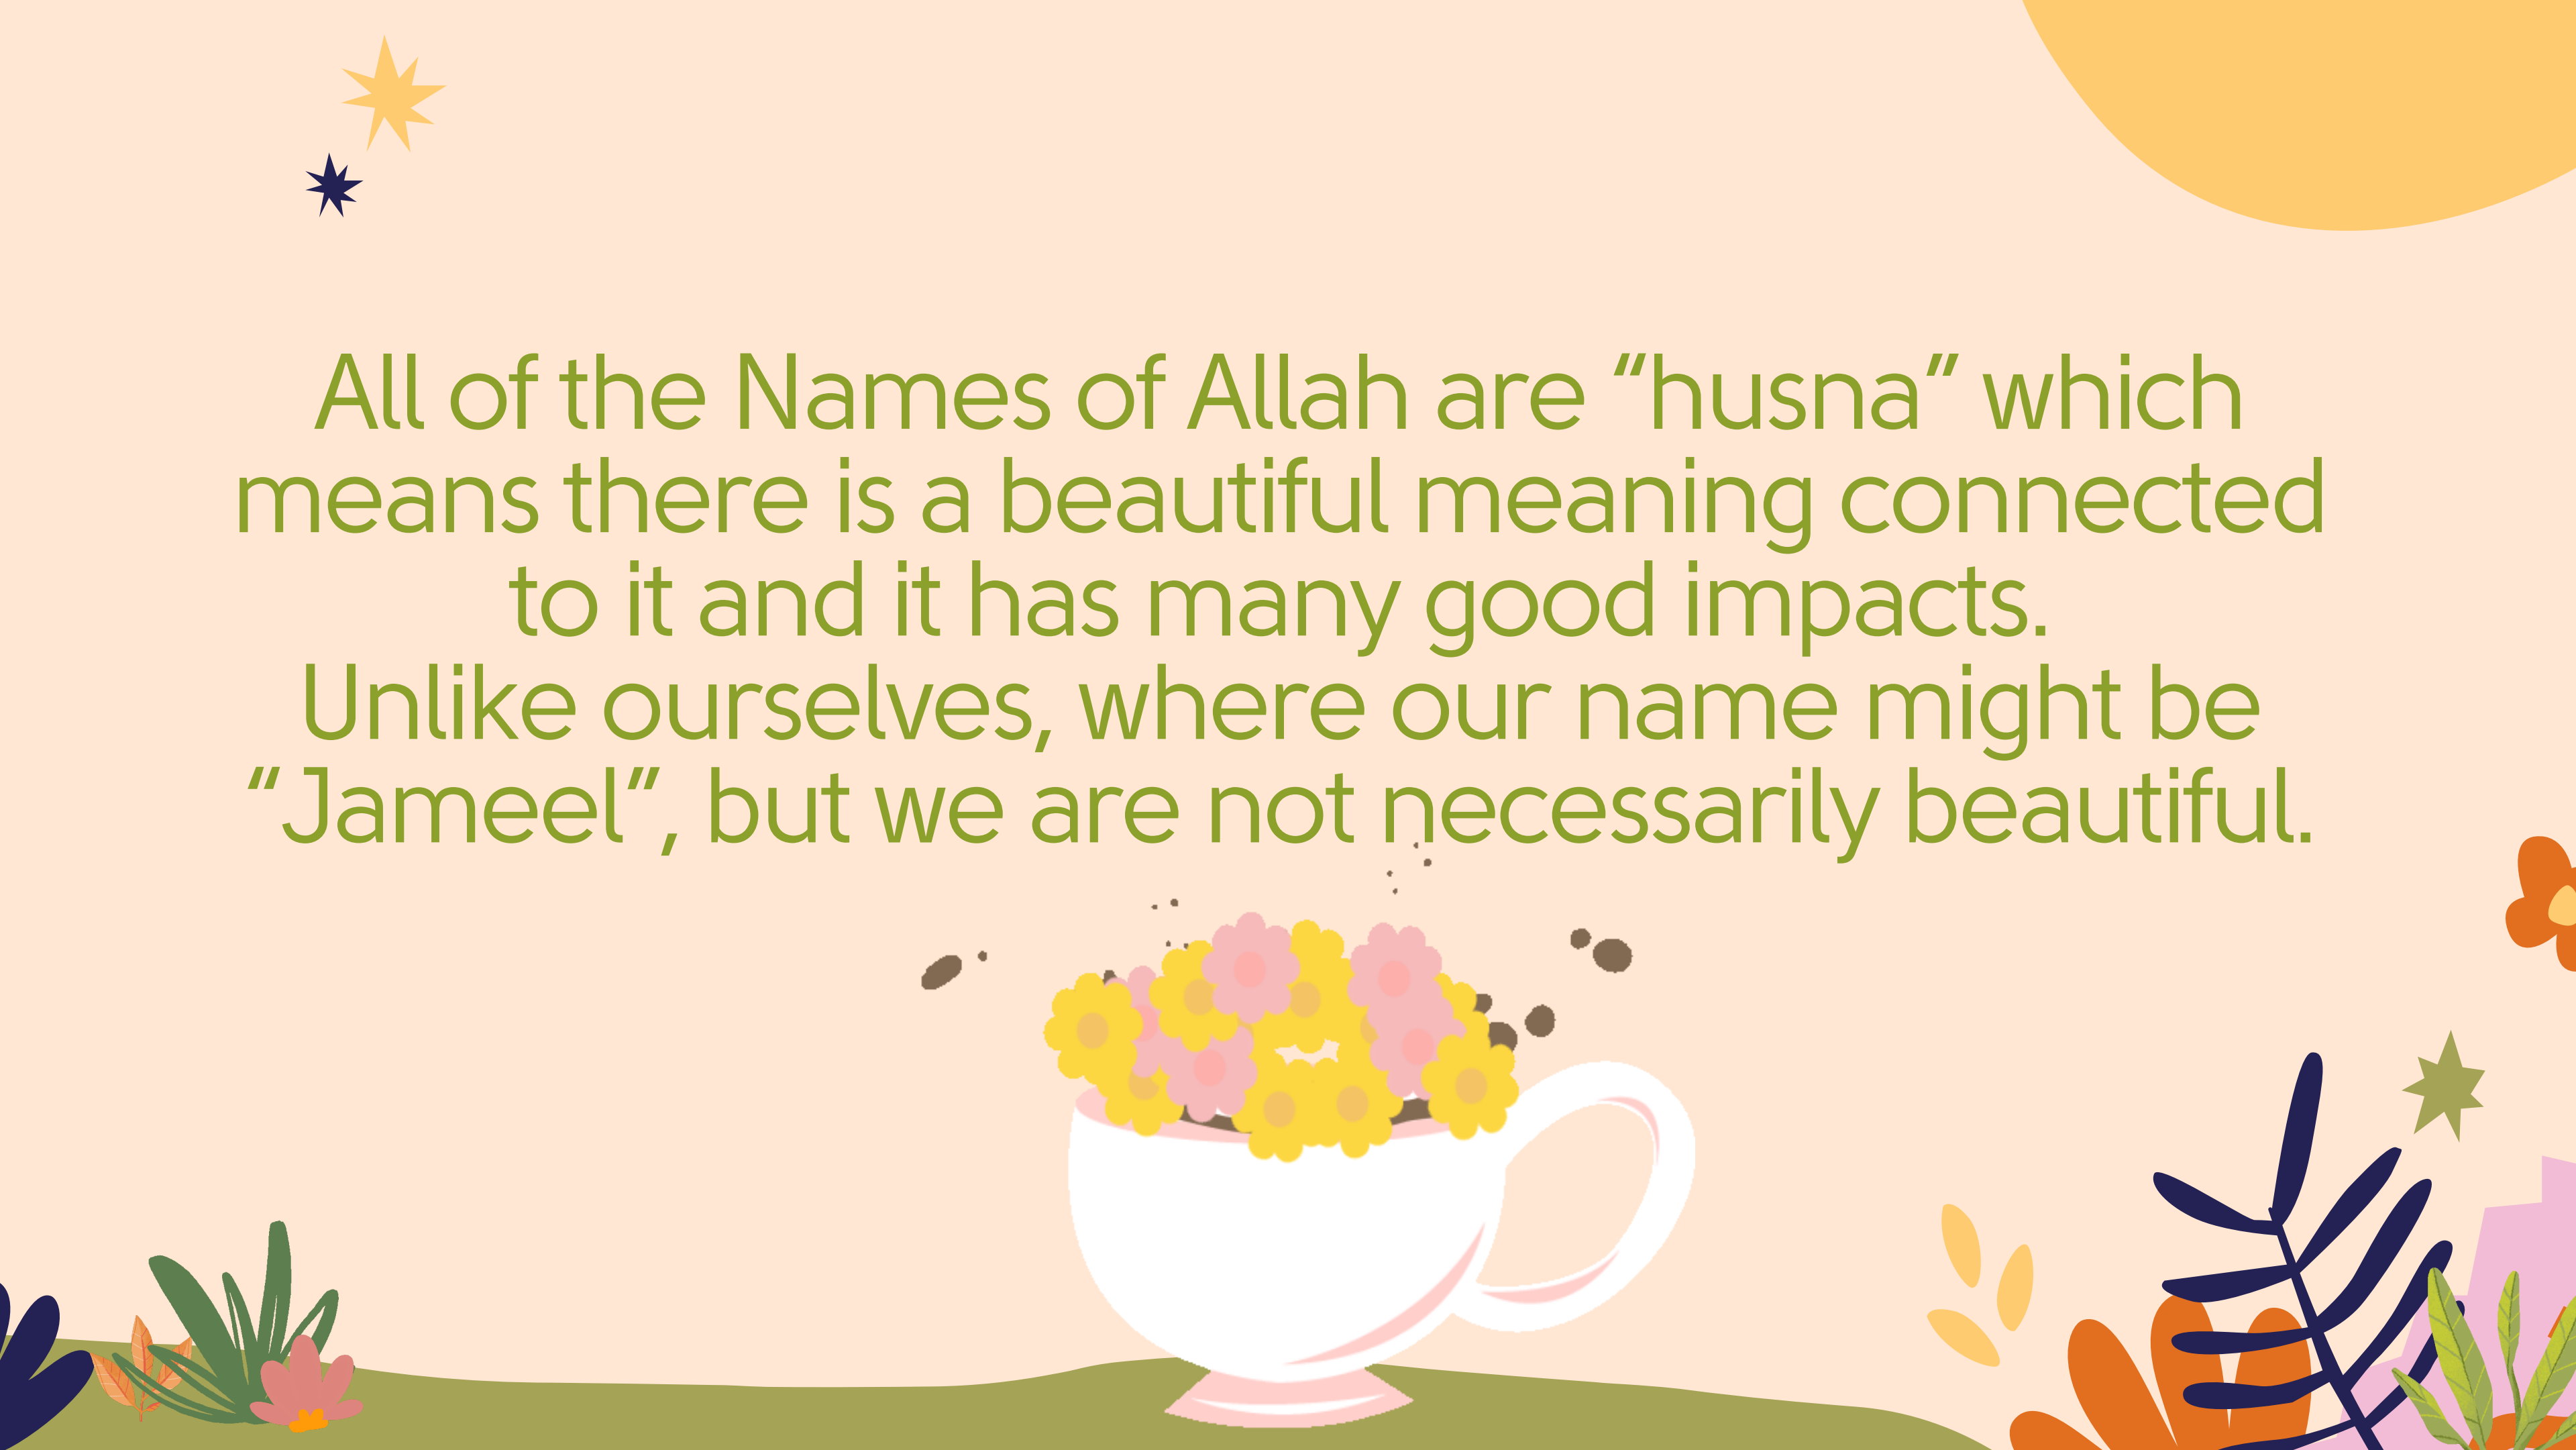

The background features a large yellow sun in the top right corner. In the top left, there are two stars: a larger yellow one and a smaller dark blue one. The bottom of the image is decorated with various stylized plants and flowers in shades of green, blue, orange, and pink. The text is centered in the middle of the page.

Welcome to the
GARDEN OF THE
NAMES OF ALLAH.

The background features a large yellow sun in the top right corner. On the left, there are two balloons, one yellow and one green, with strings. Above them are two stars, one yellow and one blue. The bottom of the image is decorated with various plants and flowers, including a pink flower, a blue fern, and a purple flower. The text is centered in a green font.

We are happy to learn about the Names of Allah and every day and every name is distinct. Each Name of Allah makes us happy and to do our best, and that is belief in Allah.

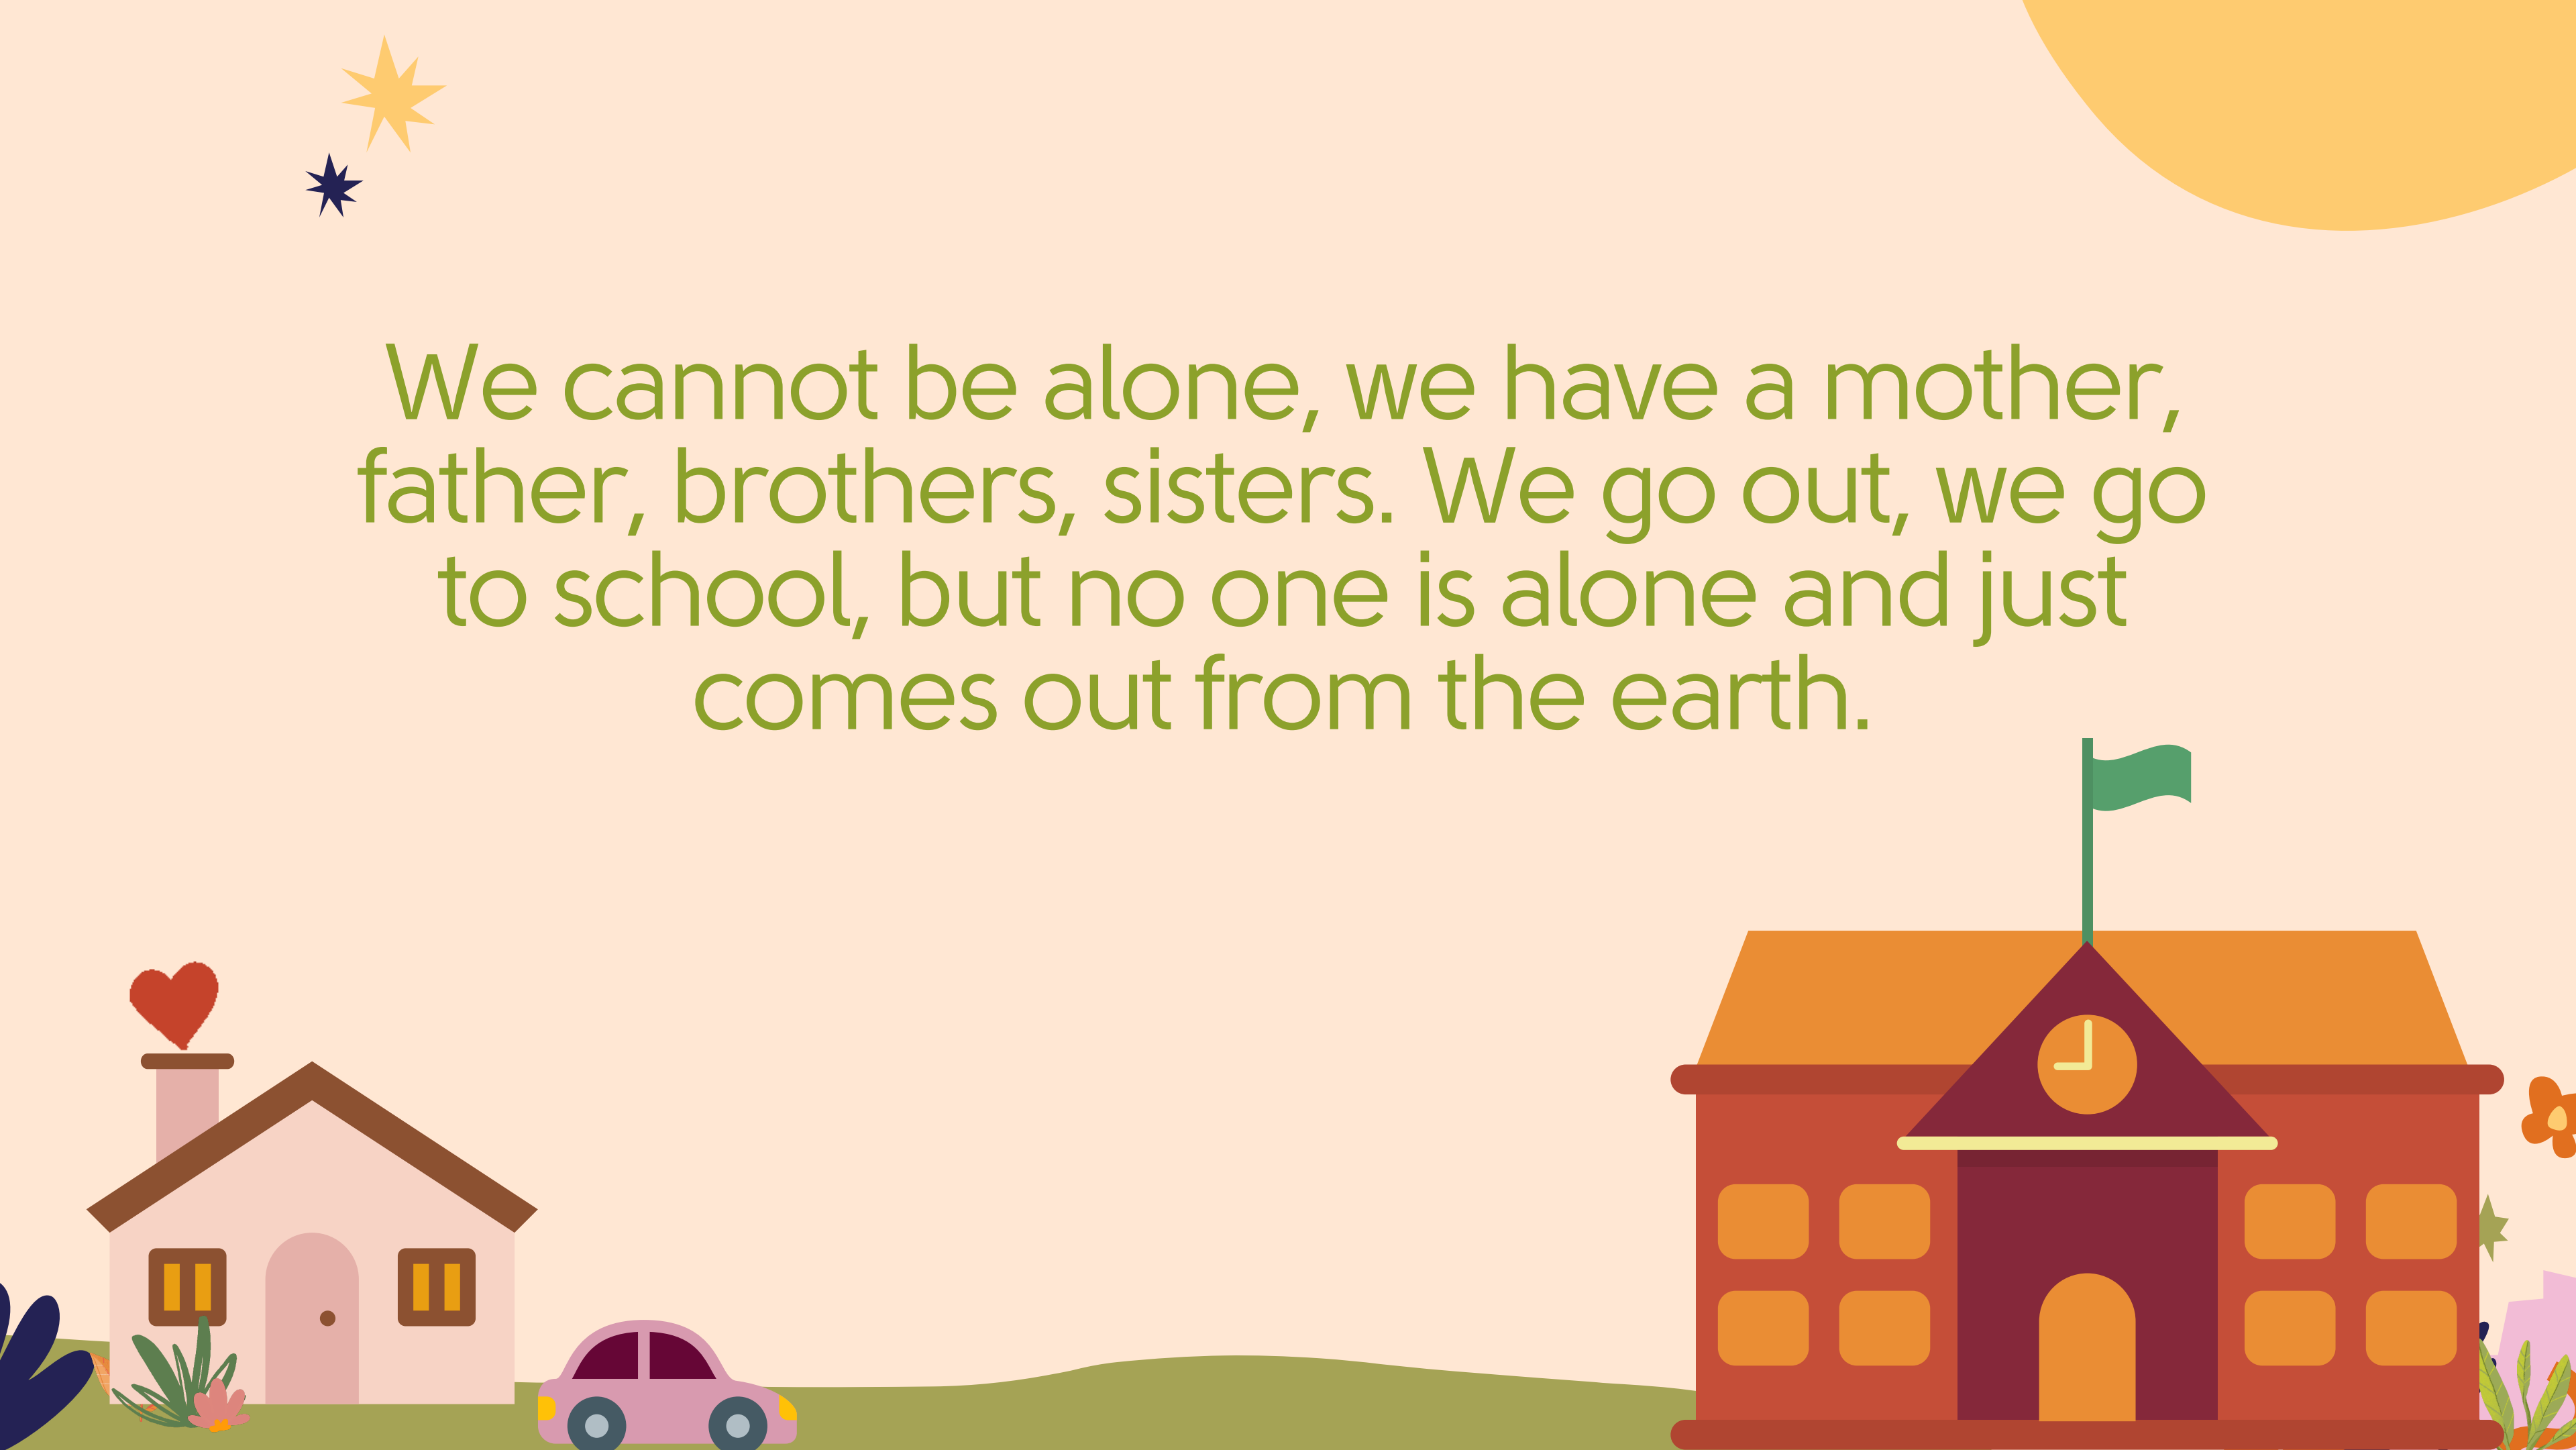

All of the Names of Allah are “husna” which means there is a beautiful meaning connected to it and it has many good impacts. Unlike ourselves, where our name might be “Jameel”, but we are not necessarily beautiful.

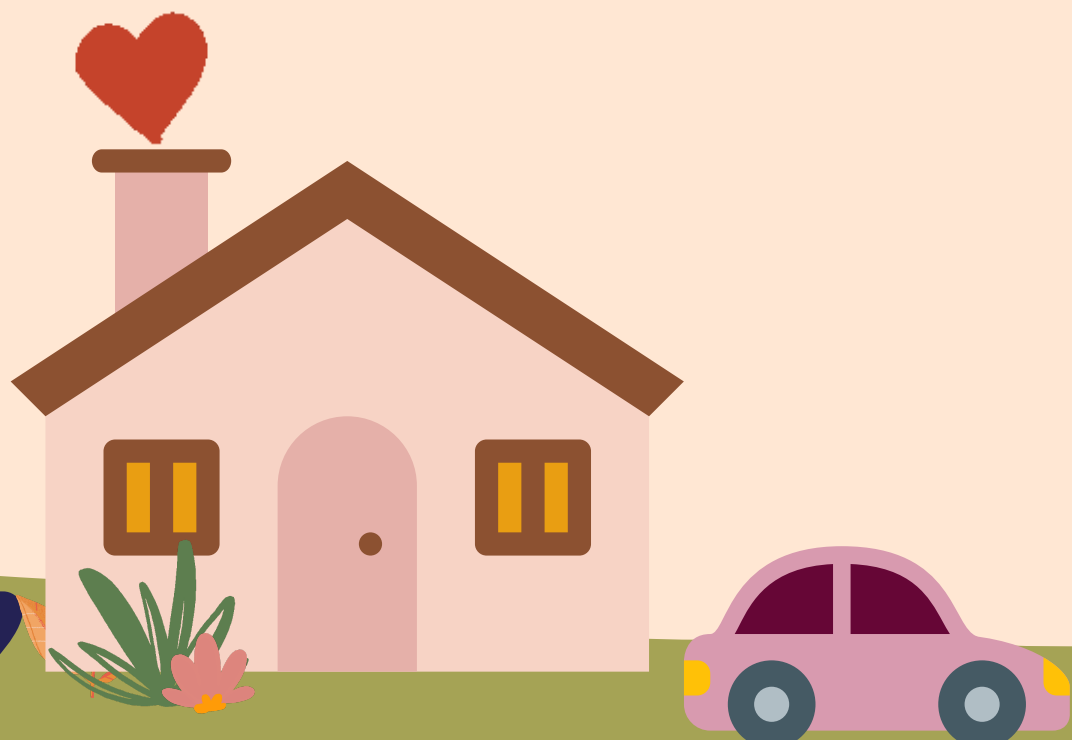

ALLAH IS AL WAHID
THE ONE,
there are no two or three of Allah.

We cannot be alone, we have a mother, father, brothers, sisters. We go out, we go to school, but no one is alone and just comes out from the earth.

Even if someone has knowledge and good manners, there are still others who are also smart and have good manners.

We cannot be alone, we need others.
But Allah is Al Wahid – The One and
there is no one like Him. There is no one
similar or comparable to Allah.

We are not one, someone can be like us.

ALLAH IS ONE
and He has all the
most beautiful qualities.

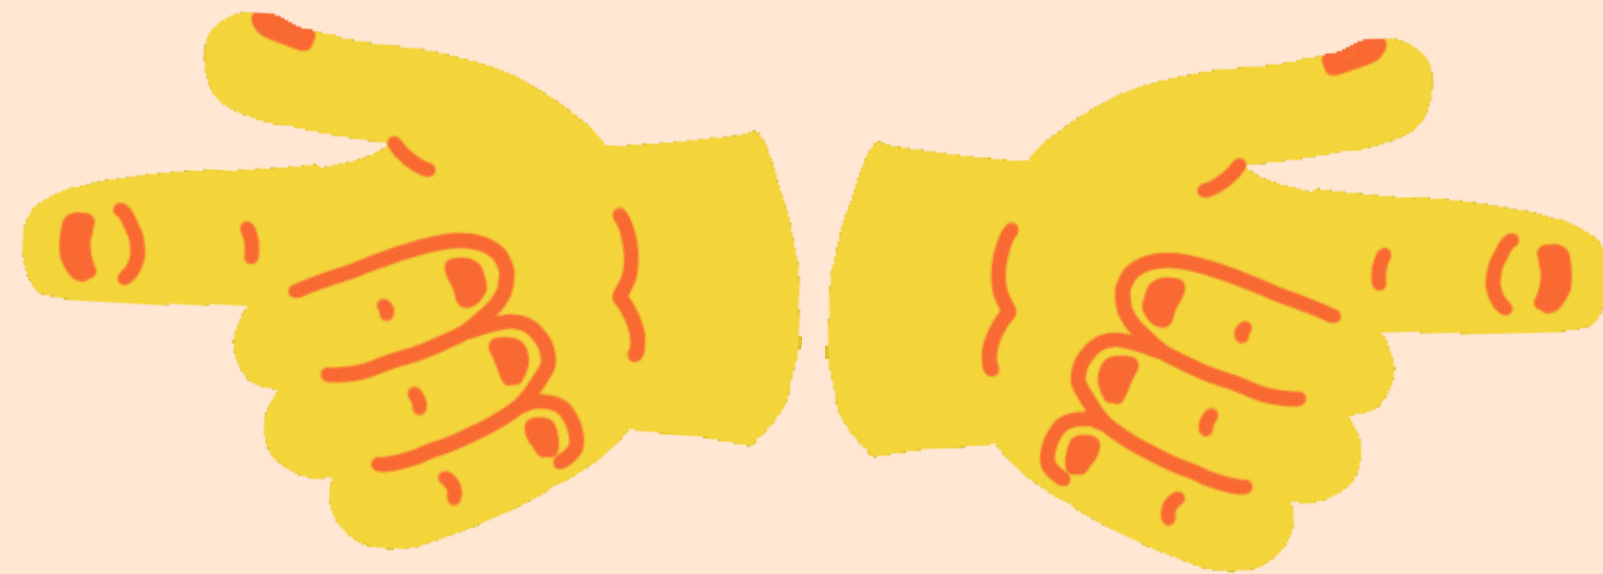

ALLAH IS AR RAHMAN –

The Most Merciful and He shows mercy to others. People may be merciful as well, but their mercy can never compare to the mercy of Allah. So Allah is One in His attributes.

We only worship One, we do not worship two.
Imagine if we had to pray to two or make
dua to two, it would be so difficult.

Allah is One with no partner.
We do not worship stones
or idols or anyone.

The background is a light peach color. In the top right corner, there is a large yellow sun. In the top left corner, there are two stars, one yellow and one dark blue. At the bottom, there is a green grassy field with various colorful flowers and plants, including a pink flower, a blue plant, and a yellow flower. A vertical orange line runs down the center of the page, passing through the text box.

Allah is One with no partner.
We do not worship stones
or idols or anyone.

When we have so many things around us,
then we will be scattered. But when we have
just one thing then we can focus on it.

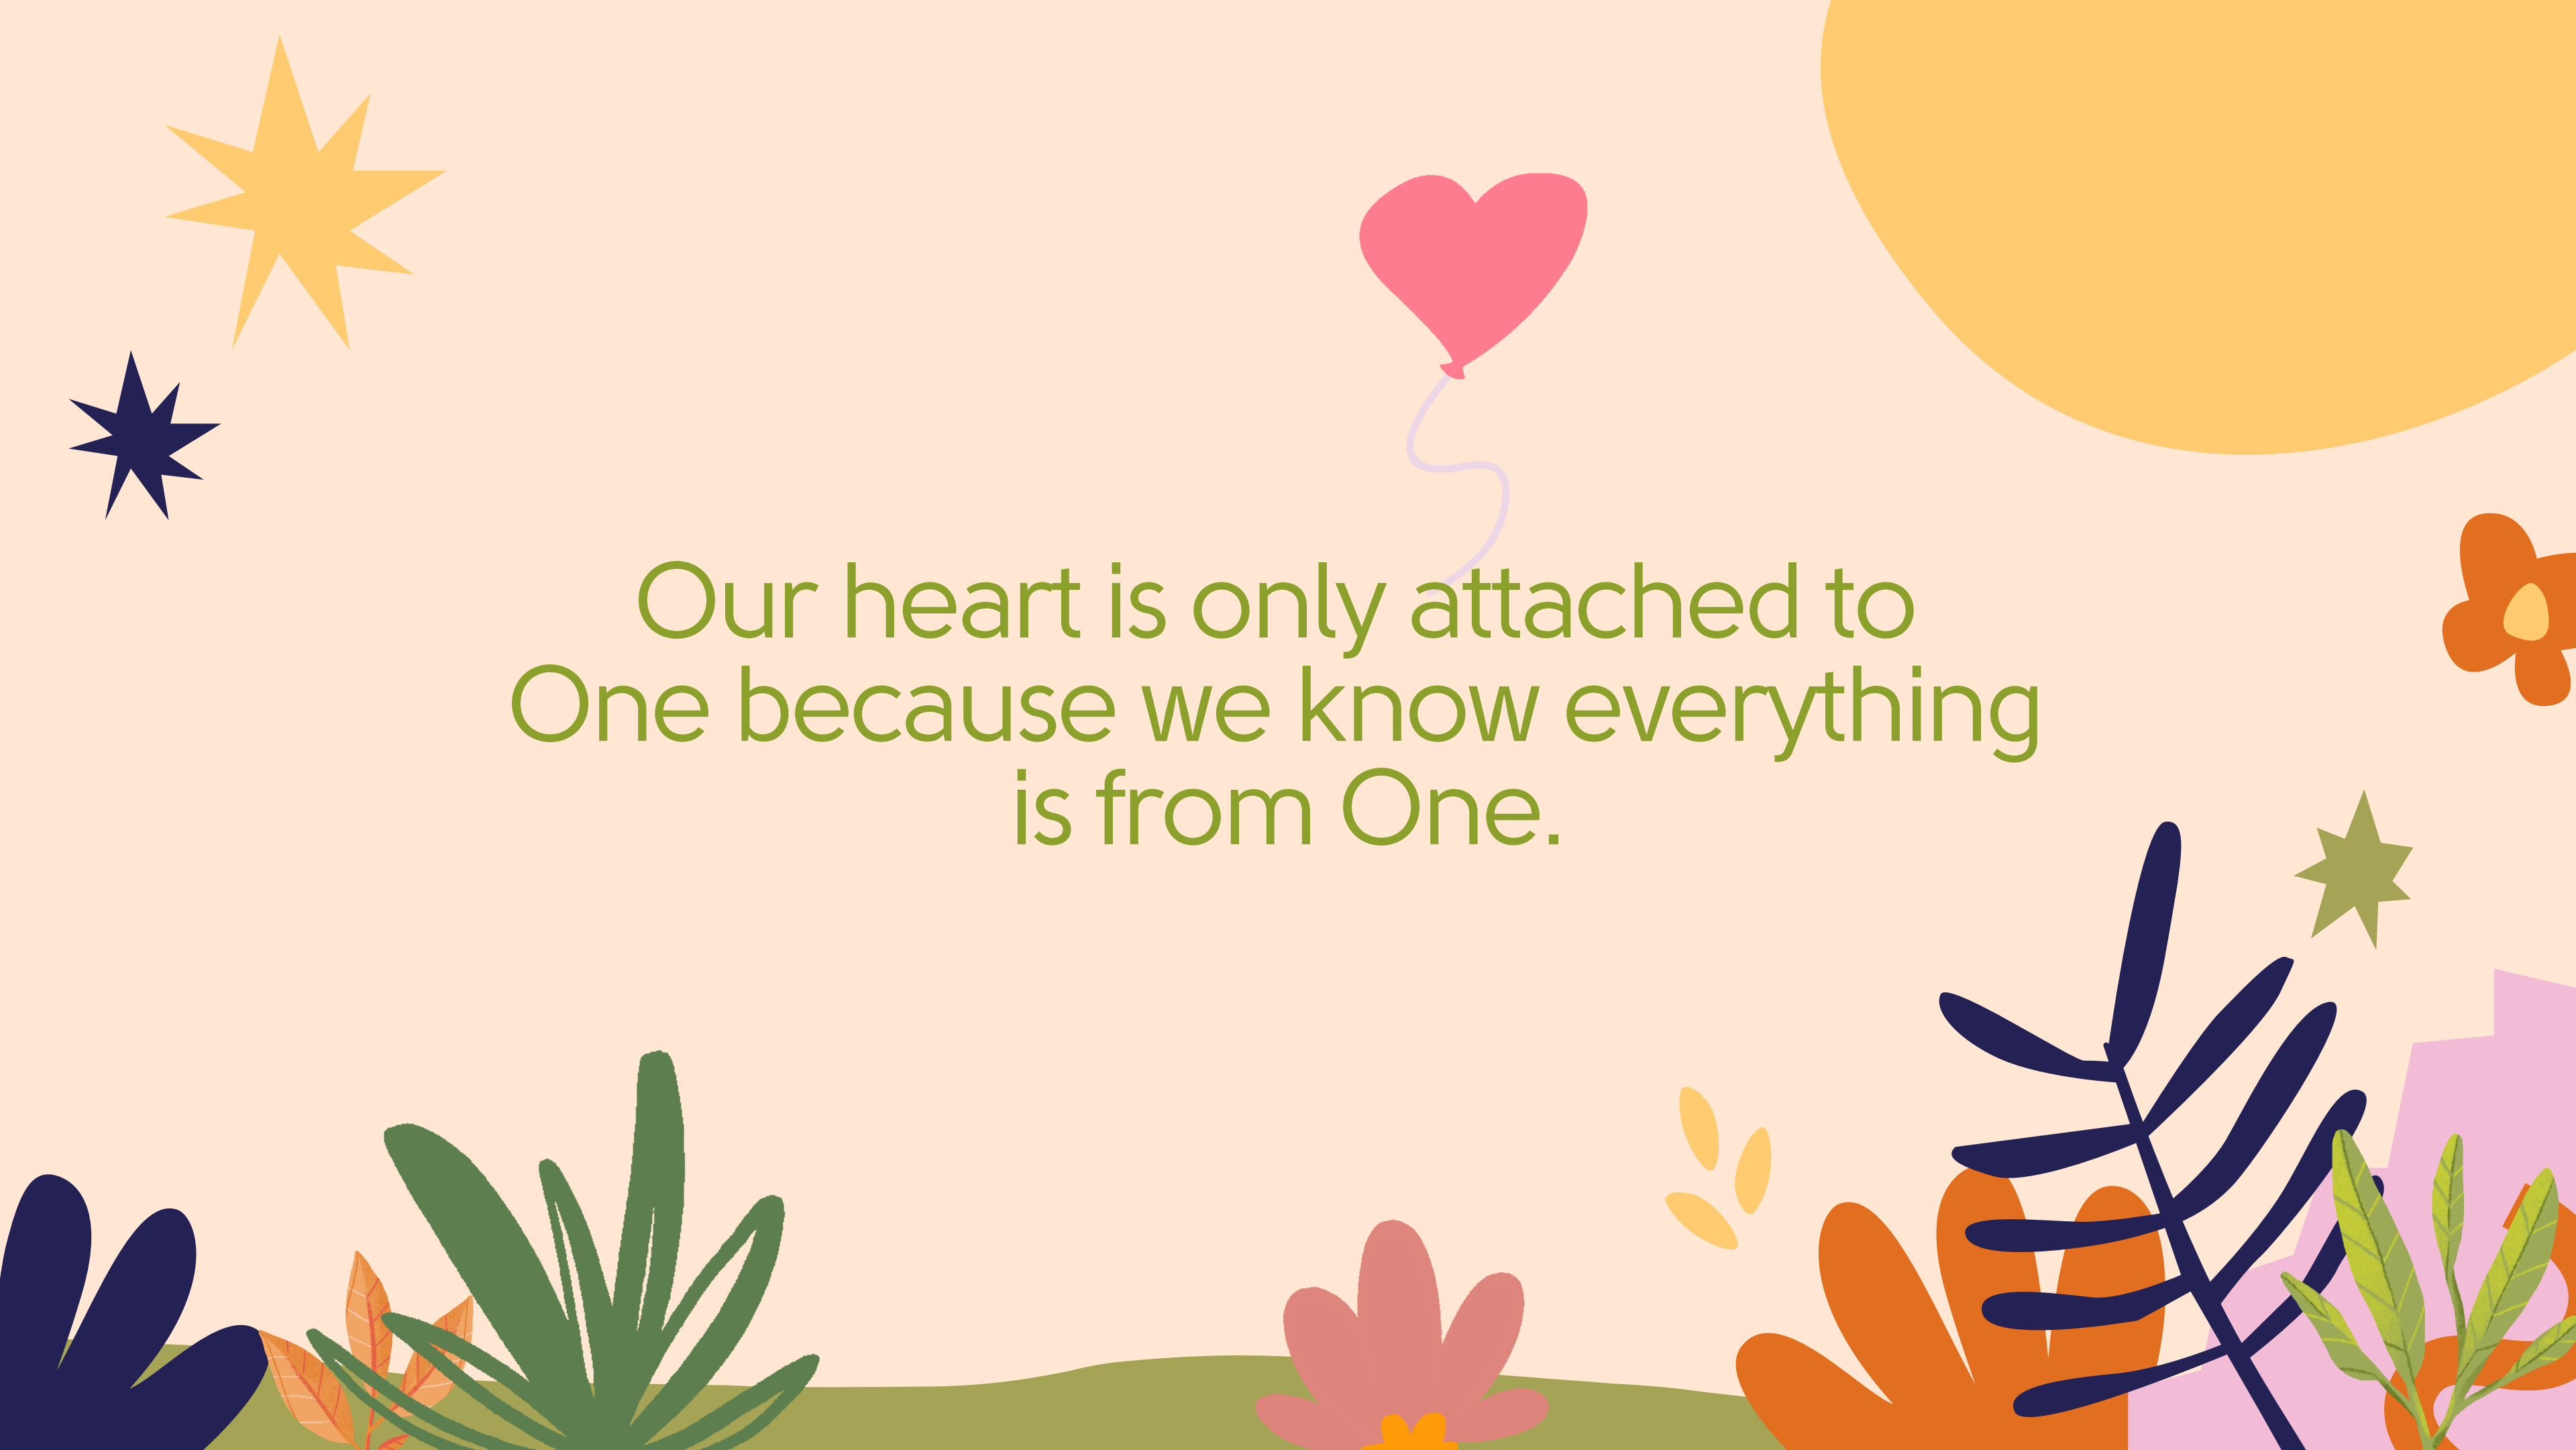

WHEN WE BELIEVE IN
ALLAH AL WAHID...
WHAT SHOULD WE DO?

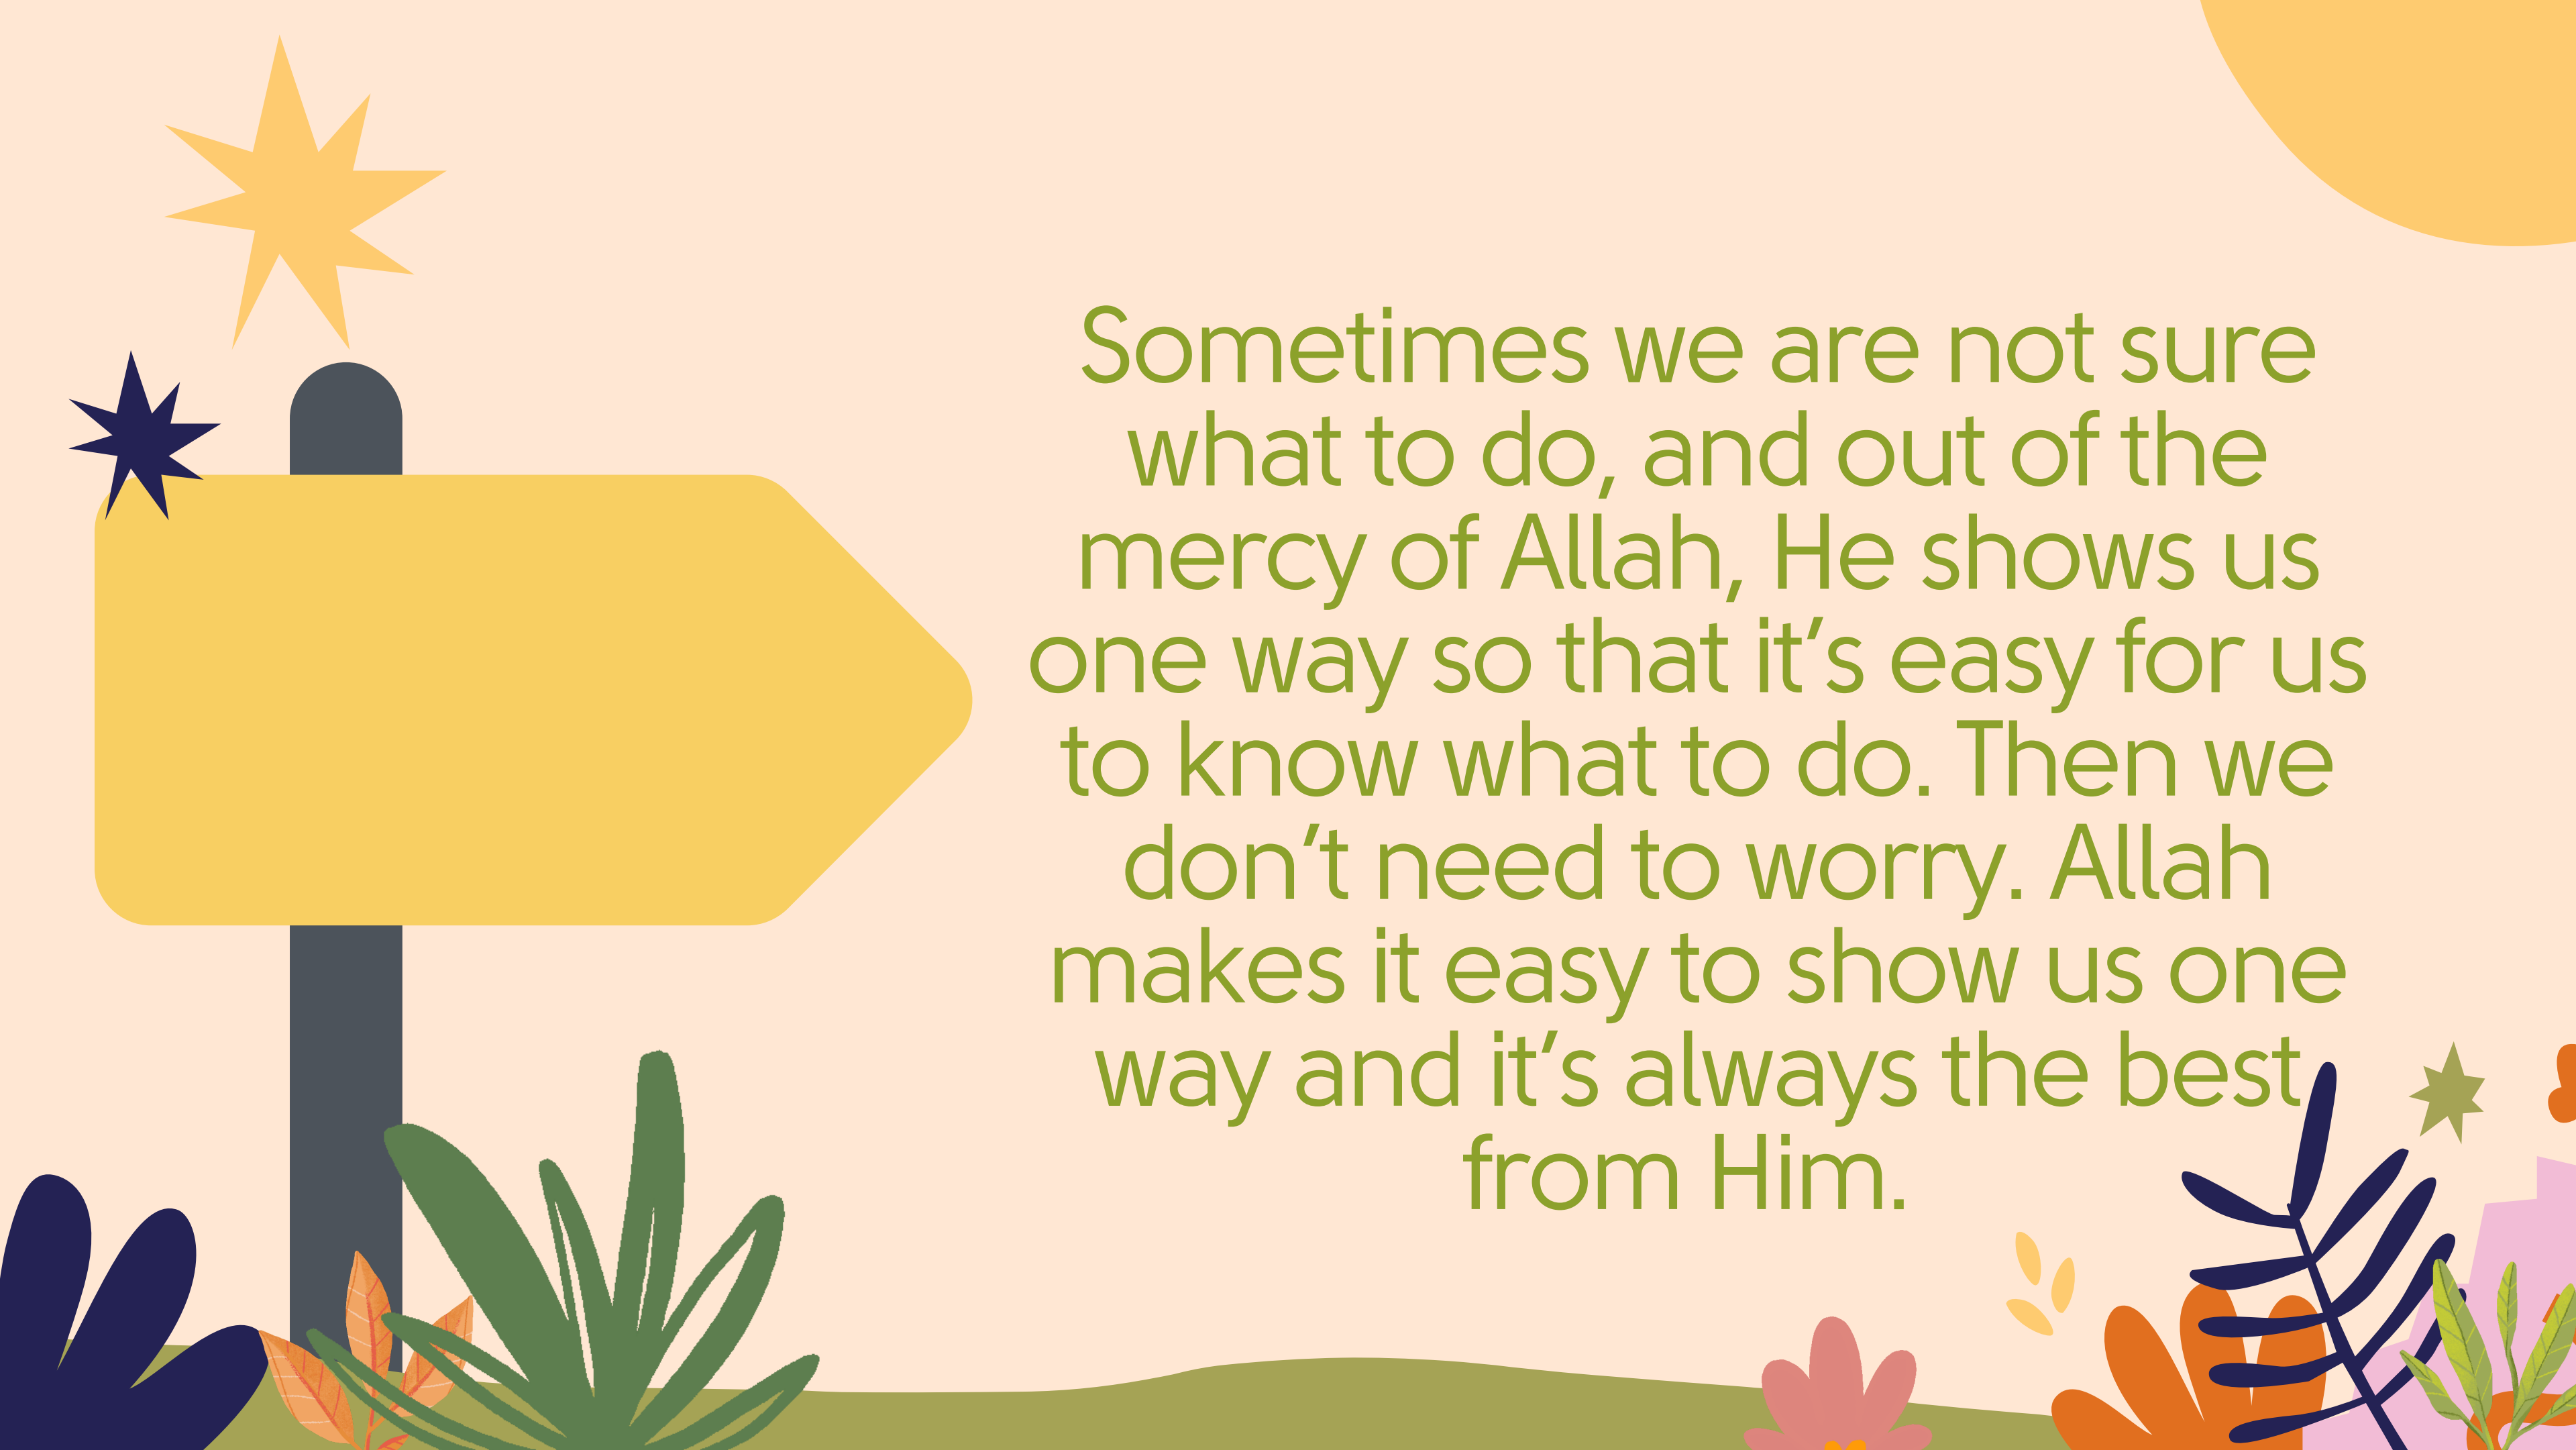

We should make Allah One and never
associate with Him.

Our heart is only attached to
One because we know everything
is from One.

We want to be
one for One.

Sometimes we are not sure what to do, and out of the mercy of Allah, He shows us one way so that it's easy for us to know what to do. Then we don't need to worry. Allah makes it easy to show us one way and it's always the best from Him.

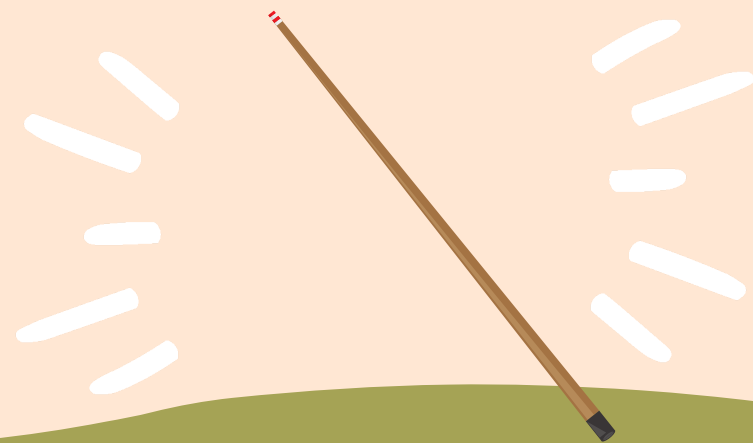

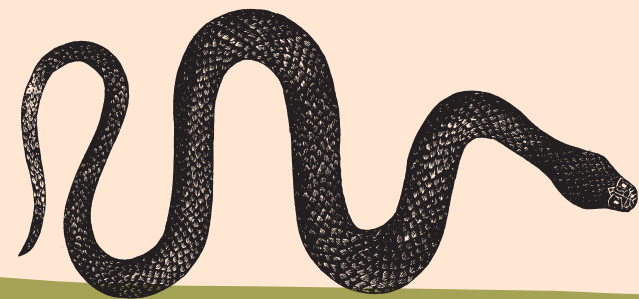

Sometimes we have a problem, and each person gives us a different solution, but we ask Allah to give us one solution and make it easy. It can be really hard when have to decide between many choices.

With Allah Al Wahid,
everything is easy and focused,
so we'll be happy in our lives.

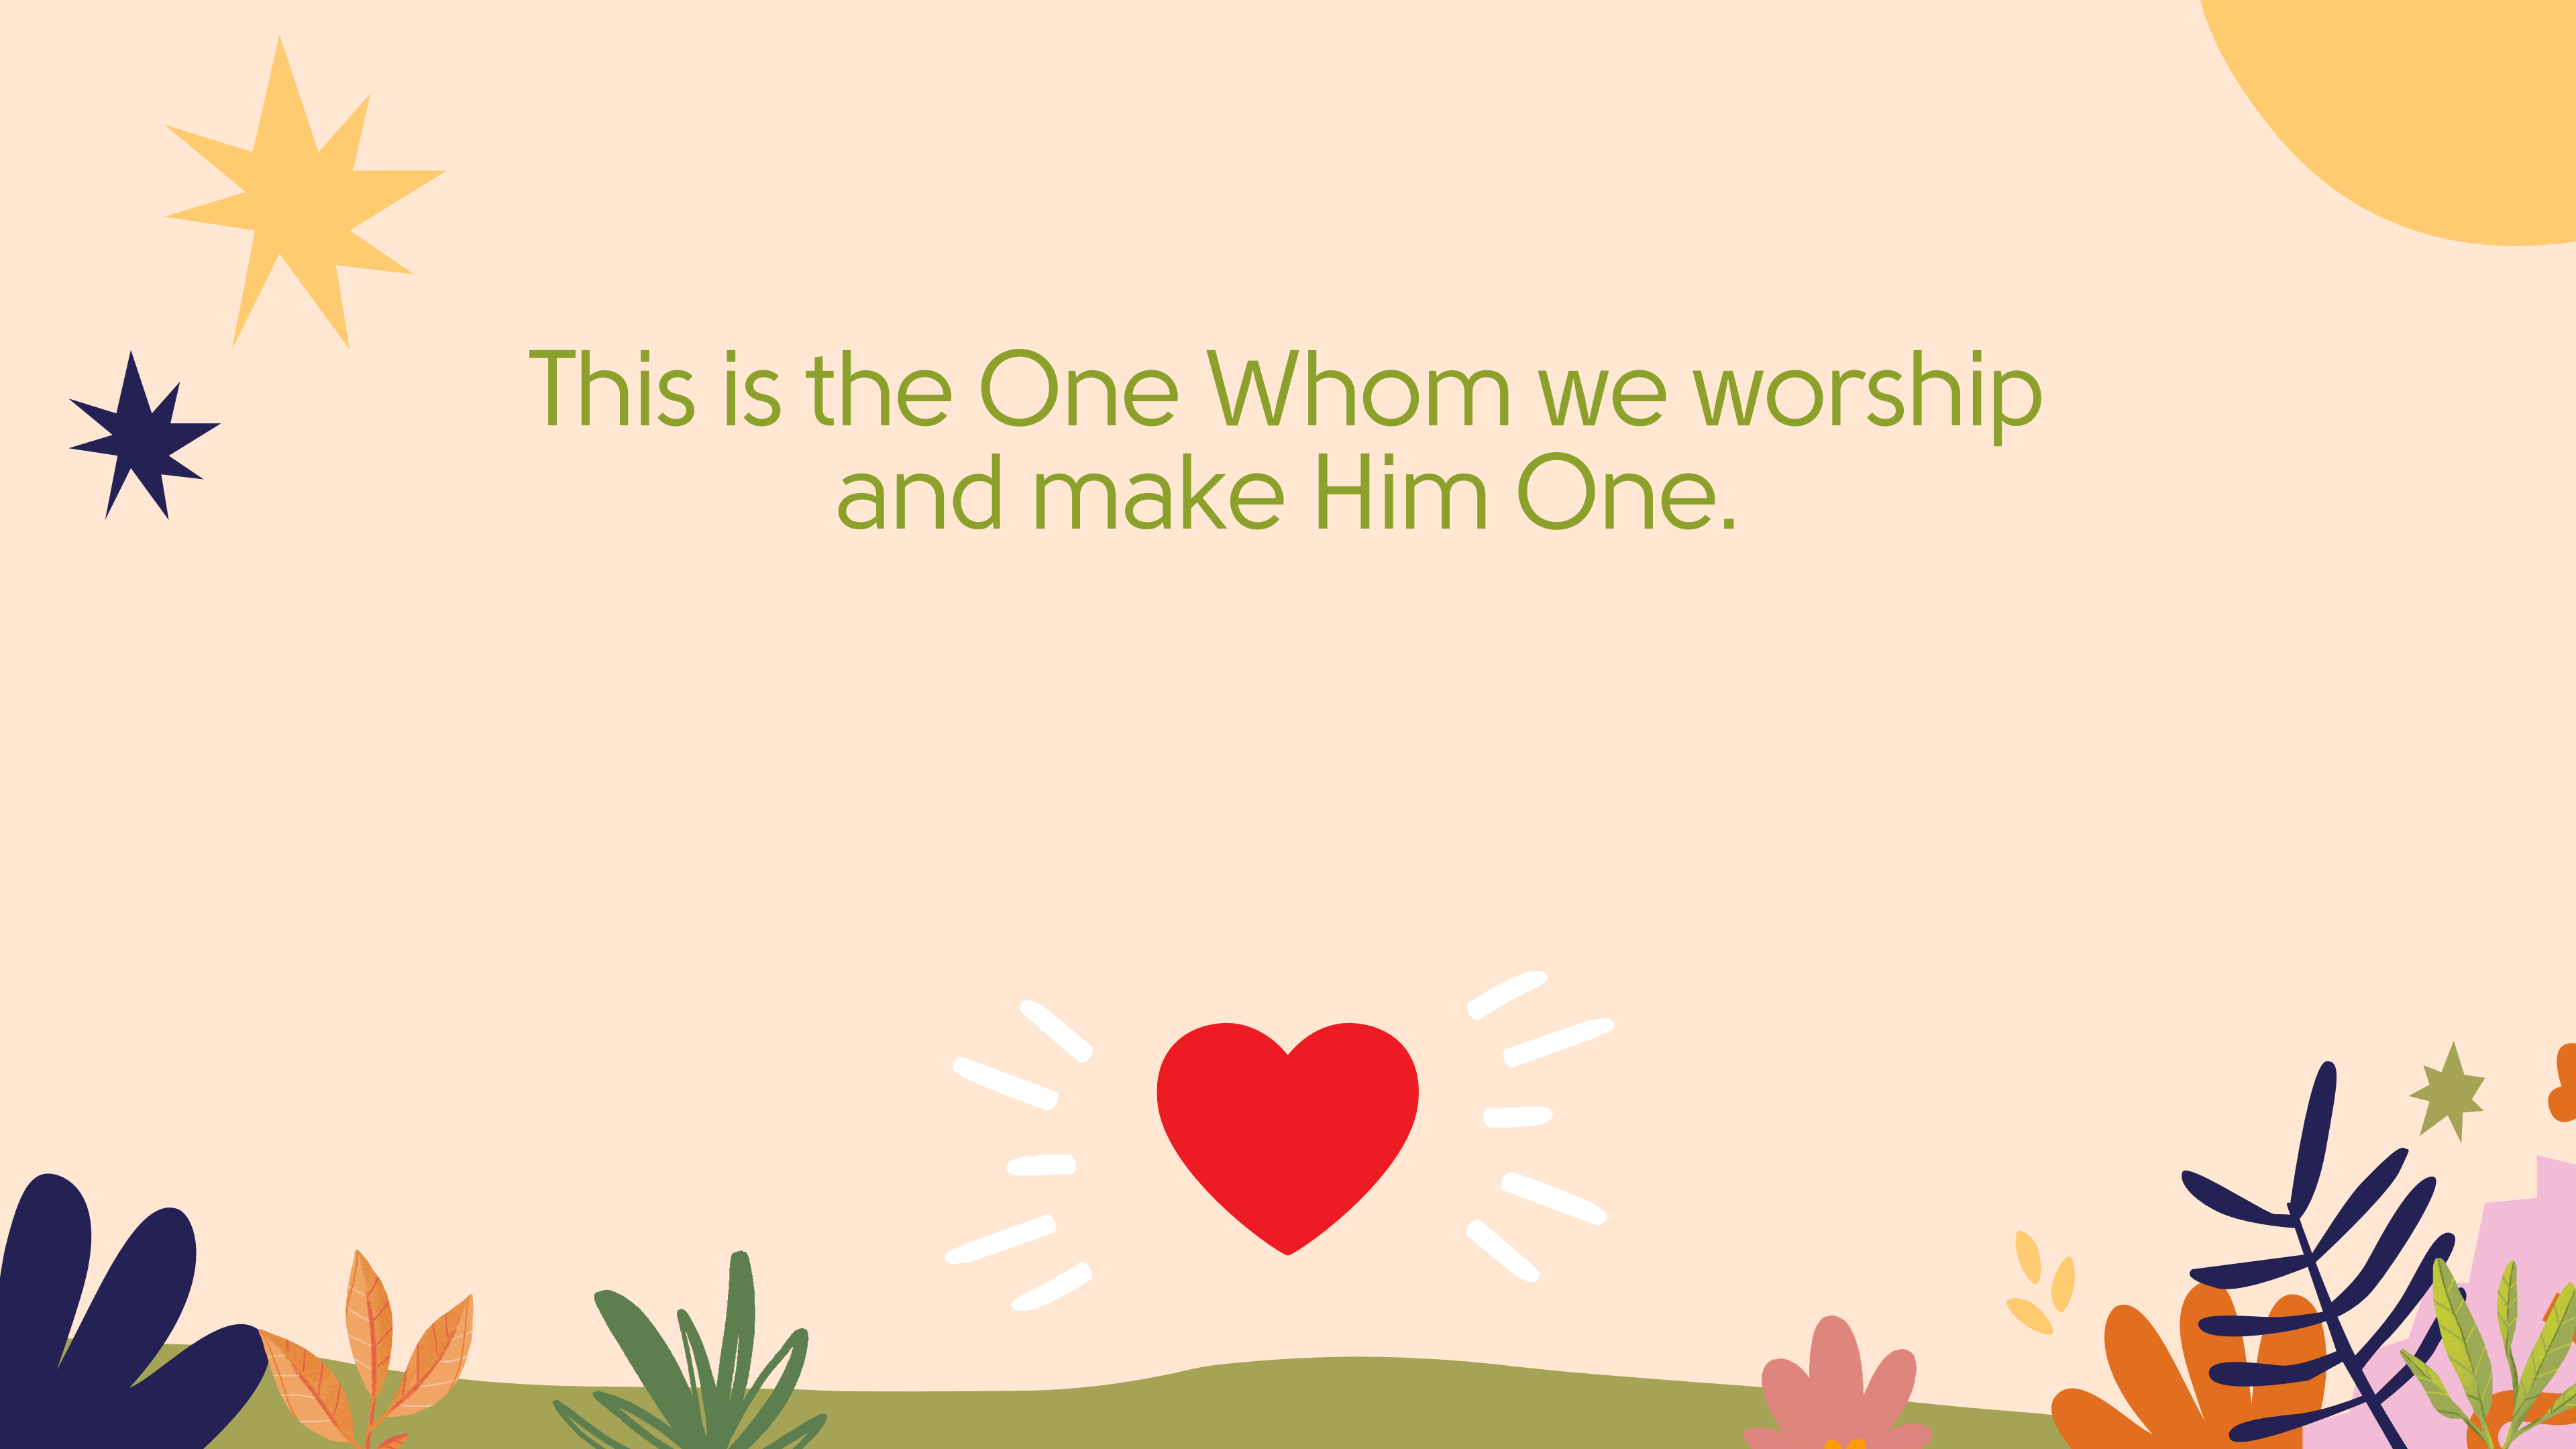

Every time Allah Al Wahid shows us something different. For example, for the stick of Musa (peace be upon him), it is just one stick, but each time it was used for something distinct. Once it was used to turn to a snake, another time it was struck on the sea and it became twelve paths, and another time it was struck on the land and twelve springs appeared.

The background features a warm, light beige color. In the top right corner, a large yellow sun is partially visible. In the top left, there are two stylized stars: a larger yellow one and a smaller dark blue one. The bottom of the image is decorated with various plants and flowers in shades of blue, green, orange, and pink. A central illustration shows a brown stick with a red and white striped tip, positioned diagonally. From the tip of the stick, two sets of white, brushstroke-like lines radiate outwards, suggesting the creation of something new.

Allah makes something distinct and
creates something new each time
though it's one stick.

This is the One Whom we worship
and make Him One.
