

Garden of the Names of Allah

AL QAAHIR

Welcome to the
GARDEN OF THE
NAMES OF ALLAH.

When we learn about Allah, the Qur'an,
the Prophet (ﷺ) or anything
of the deen, it's as if we are in jannah,
in a great garden.

With each Name of Allah, it feels like we are in jannah.

In jannah we are totally comfortable because everything is perfect, everything is in its right place, and all the people there are good.

Allah has nurtured them
to be in jannah.

He is the One Who guided them
and took them there.

Allah is the The One Who
teaches us and guides us,
just as He opened for us
to learn about Him,
so that we can go to jannah.

The background features a light green field with scattered golden-brown confetti. On the left, there is a potted plant with large green leaves. On the right, a dark green leafy plant is partially visible. At the bottom right, a dark brown rectangular container holds several colorful highlighters (pink, yellow, blue, and white).

None of us are perfect in this life,
but Allah is perfect. So how can we
become better? When we learn about
the Names of Allah. When we learn
His Names, we will enter jannah.

In this book we will learn the Name of Allah

AL QAAHIR.

What does Allah Al Qaahir mean?

All the Most Beautiful Names belong to Allah and He has The Most Lofty Attributes. This means every Name and every Action of His is beautiful.

It does not suit anyone to have this quality.

Only Allah is Al Qaahir,
but it is not good for a human to be qaahir.

What does qaahir mean for a person?

It means someone who is very pressuring, bullies others a lot and brings them down so much that they break their heart.

But Allah Al Qaahir can subdue us all, how?
Because He wants to place everything in its place. Allah
never subdues for any evil;
He never oppresses us for anything.

Sometimes we say we will go out and do something, but then uninvited guests come along the way. Why does something like this happen? Allah wants us to honor the guest, to be more patient and humbler.

The background features a light green gradient. A large, irregular teal shape is centered, containing white text. In the top-left corner, there are dark green leaves. In the top-right corner, there is a green monstera leaf. In the bottom-left corner, there is a dark green fern frond. In the bottom-right corner, there is a pink flower with a teal stem and leaves.

When Allah subdues us,
it makes us more obedient.
Sometimes we find that our
plan has changed, but when
Allah subdues us, it is all to
make us better.

A mother loves her children, but sometimes she might force her children to take medicine or tell them to go and pray because she loves them. She cares for their benefit, not hers.

Allah Al Qaahir wants what is good for us and when things happen that we cannot imagine, it is to put us in the right place.

Allah Al Qaahir will subdue the one who is arrogant and stubborn because it is not good for someone to be deceived with themselves. For example, someone who thinks no one can be smarter than them or more beautiful than them. Allah Al Qaahir will subdue them so that they become humble, and so that everything is put in its right place.

Another example is when someone is really sick and they are told on the spot they need to have surgery in order to be saved. They have no choice but to do it.

The background is a solid teal color. It features several white, wavy, organic shapes that create a sense of movement and depth. On the left side, there are dark green, pointed leaves. On the right side, there are larger, lighter green leaves with distinct holes, resembling a Monstera plant. The text is centered within a large white wavy shape.

Allah Al Qaahir subdues to put us in the right place. He never subdues us to benefit Himself. It is all to put us in the right place because we might have said bad words or have done bad things.

For example, if we tell ourselves, "I will keep myself awake" then no matter how much we try, we still end up falling asleep.

Allah Al Qaahir subdues all
the creation so they worship
Him and to bring out the
best from them.

We are all subdued by
Allah so the best can
come out from us.

WHEN WE BELIEVE IN ALLAH
AL QAAHIR...
WHAT SHOULD WE DO?

Sometimes a person may bother us and break our heart, but we do not want to hurt them, so Who will subdue them?

Allah Al Qaahir.

If we are facing
very hard problems,
Allah Al Qaahir
will subdue it.

Sometimes a person may be
thinking so much that their mind
becomes restless, but
Allah Al Qaahir
will stop it.

If anyone is very sick for
a long time or going through
a difficult sickness,

Allah Al Qaahir

subdues all sicknesses.

Allah Al Qaahir

makes us believe in Him alone
and not associate with Him. We
always want to worship Him alone
and Allah Al Qaahir subdues us so
that we only worship Him.

The background is a solid teal color. It is decorated with several white, five-pointed stars of varying sizes scattered across the surface. On the left side, there are dark green, pointed leaves. On the right side, there are large, bright green, lobed leaves. A large, light green, irregularly shaped area is centered on the page, containing the text.

We never want to force anyone.
When Allah Al Qaahir
subdues us, He does not
force us on the religion.

We should never force
anyone, but always deal
with them with ease.

We love Allah
AL QAAHIR
